

LT8F | UL A+B | CW5-Series

Datasheet

Project Details	
Project Name:	
Fixture Schedule:	
Project Number:	
Notes:	

Key Features

- Color & Wattage Selectable 4FT T8
- smarT8: Compatible to Ballast (UL-A) and Bypass (UL-B)
- Full Length Glass Frosted Lens With 320° Light Distribution, Zero Pixelation
- Bypass: Double-Ended

- Suitable for enclosed, dry & damp locations
- Compatible to Shunted and/or Non-Shunted Lamp Holders
- All Glass Construction with PET Coating Meets NSF Standards for Food Safety
- Universal Input Voltage: 120-277V

^{*} NOTE: Factory default setting

Electrical Characteristics: UL-A

Rated Wattage (Selectable)	18W		
Rated Voltage	120 - 277V		
Power Factor	>0.9		
Ballast Current (@120V)	220mA		
Lamp Current (@120V)	190mA		
Floatrical Characteristics: III D			

Electrical Characteristics: UL-B

Rated Voltage	120 - 277V
Power Factor	>0.9
